

Masako

Position: Seated upright in a chair

This exercise is to not to be completed with any food or drink. Please feel free to take sips of water or rinse your mouth between repetitions if you are having trouble initiating a swallow

Repetitions: 5-10x

Sets: 1x

Frequency: 3x/day

Steps:

- 1: Stick your tongue out slightly so the tip of your tongue is pinched lightly between your teeth
- 2: Swallow while your tongue is in this position.

***Tip:** Use a mirror while completing this exercise. You should be able to see your tongue the entire time you are completing this exercise.
